Education

Ph.D., Cultural Anthropology

University of Kansas

Present

Master of Arts, Anthropology

University of Kansas

2008

Thesis: Unearthing Collaboration: Community and Multivocal Archaeology in Highland Guatemala

Bachelor of Arts, Anthropology and History

Ball State University

2003, with Honors, *Cum Laude*

Honors Thesis: A Typology of Prehistoric Ceramics in Indiana

Research Interests

Access to health care and services; women and child health; research ethics; public health; race and ethnic relations; power and gender issues; identity concerns; applied and medical anthropology; health disparities; community organizing; non-profit development; civil society; local health initiatives; collaborative and community based participatory research methods; rural community development; the culture, ethnography, and contemporary issues in Latin America; Guatemala, specifically the central highlands and southwestern piedmont; the impact of development and NGOs in Guatemala; indigenous peoples; Kaqchikel and K'ichee' Maya

Languages

Spanish: Fluent Speaking, Reading, and Writing

Kaqchikel Maya: Indigenous language of Highland, Guatemala: Advanced Intermediate

K'ichee' Maya: Indigenous language of Highland, Guatemala: Beginner

Professional and Research Experiences

Ethnographer

1/2011- Present

Ethnographic Research, Inc.

Hired as an ethnographer to perform qualitative research and analysis to understand products, retail space, medical settings, services, consumer behavior and organizations worldwide. In this position I was responsible for recruitment of participants by phone and in person, establishing strong rapport with participants, conducting semi-structured, in-depth 3-4 hour interviews, context mapping dedicated to understanding the world around the participant, qualitative analysis and facilitation of final reports. Performed research in Kansas, Illinois, Arizona, and Sao Paulo, Brazil.

Executive Director

7/2009 - Present

Wuqu' Kawoq Non-Governmental Organization in Guatemala

Volunteer. Direct the non-profit, manage the employees, interns, and project logistics in clean water initiatives, rural health care, diabetes clinics, child malnutrition and mother and child health.

Administer logistics, risk management, budgets, fundraising and visits made by international medical providers. Collaborate with the Medical Director on all project, fundraising and medical concerns. Oversee and direct ethnographic research methods and projects. Utilize community based participatory research to for public health research. Help oversee and manage donor and grant

Anne E. Kraemer Diaz

funding. Our nutrition programs are currently featured as a part of the ABC 20/20 and Gates Foundation's 2011 "Save One" initiative. I administer funds and programs as well as direct staff and logistics for the following grants under the Principal Investigator Peter Rohloff, MD, PhD.

2008-2009	Food, Conservation, and Health Foundation "Training of indigenous Kaqchikel-speaking midwives in Guatemala"	\$12,000
2009-2010	Food, Conservation, and Health Foundation "Training of indigenous Kaqchikel-speaking midwives in Guatemala"	\$16,000
2009-2010	Child Health Foundation "Impacting rates of childhood stunting in Guatemala"	\$5,000
2009-2010	Pajwell Foundation "Scale-up of prenatal care interventions in Guatemala"	\$12,000
2010-2011	Food, Conservation, and Health Foundation "Training of indigenous Kaqchikel-speaking midwives in Guatemala"	\$18,000
2010-2011	Rotary Club International "Implementation of potable water systems in Guatemala"	\$15,000
2011-2015	IFRP/USAID "Food supplementation for vulnerable children aged 6-24 months in the highlands of Guatemala with Nutributter"	\$101,320

Graduate Research Associate and Grant Manager **1/2009- 1/2011**
University of Kansas Medical Center, Department of Preventive Medicine and Public Health.
Center for American Indian Community Health.

Implemented qualitative research and analysis on health disparities among American Indians in the Kansas City metro area, focused on Breast Cancer and Smoking Cessation. I trained researchers in Community Based Participatory Research (CBPR), qualitative methods, coding and analysis as well as facilitated publication of research and distribution of research to the American Indian community. Administered a R-24 National Institute of Health grant directed at a Smoking Cessation Program for American Indians called All Nations Breath of Life (ANBL). Reorganized the ANBL website to be educational and accessible for multiple age and education levels.

Interpreter **1/2009- 10/2010**
Douglas County Health Department, Lawrence, Kansas

Contracted as a Spanish - English interpreter to implement access to health care for Latinos in Douglas County. I interpreted for all manners of health problems at the health department but focused in Women and Child health, specifically the W.I.C. program and child nutrition.

Field Project Manager **1/2008 – 8/2008**
Semillas Para el Futuro Non-Profit, Guatemala

Hired to manage and identify new projects in the community and create relationships between the organization and the community. I organized community groups and leaders, identified projects for educational, health, social, cultural, agricultural, and economic development sectors for the non-profit. Completed small ethnographies to further understand the needs, desires, and preferences of the rural community members and translated this into action points for the non-profit.

Fulbright Fellow **1/2007-12/2007**
United States State Department (IIE)

Qualitative Research and Ethnography. Participated in daily life in Chocolá, Guatemala to learn about and collaborate with the local community on the history, development, identity and future of their community. Performed a yearlong ethnography on the effect of outside organizations, non-profits and NGO's on rural Guatemalan communities. Coordinated multi-vocal collaboration to

help in decision making by the community about the needs and desires of the community and access to resources, helped to develop networks with organizations to help with these issues.

Ethnography of the African American Community of Muncie, Indiana. 2003

Performed and collaborated in semester long ethnographic research project on the African American experience in Middletown. Performed archival research and semi-structured, open ended interviews, analysis and published results. Coauthored chapters 3 and 8 of “The Other Side of Middletown” Altamira Press March 2004. Supported and funded by the Virginia B. Ball Center for Creative Inquiry. Led by Dr. Luke Eric Lassiter.

Field Crew and Lab Technician 1/2002-5/2003

Employed by Archaeology Resources Management Services (ARMS), Ball State University, Muncie, Indiana.

Archaeological Field School, Ball State University. 2003

Investigated Strawtown, a prehistoric early woodlands site. Conducted extensive pedestrian survey, excavation and lab work.

Organizer, Inaugural Ball State University Anthropology Conference. 2003

Volunteer. Organized, planned, advertised and directed an all day conference for the anthropology department’s undergraduate and graduate students to present papers. The following year, I organized the second annual conference.

Digital Mapping Project; Muncie, Indiana Pioneer Cemetery 2003

Volunteer. Digitally mapped Muncie Pioneer cemeteries for the Center Township Trustees of Muncie, Indiana. Researched information and data on the subject and created an informative presentation for the community.

Publications

2013 Manuscript in contract for the University Press of New England for a chapter on Child Nutrition and Women’s Health; working with indigenous people and the interface and effects of volunteer work on local communities in Guatemala co-authored with Peter Rohloff, MD, PhD, in the book **Central America and the Caribbean: A Practical Guide for Global Health Workers**, edited by Margo Krasnoff, MD and Douglas Moody, Ed.D.
